TIMELINE

2015 Newspaper distributor in my local town for FK Distribution. This taught me discipline, and worklife at a young age.

2017 Kitchen staff at the biggest fast food restaurant world wide McDonald's. Introduced me to customer service and working under pressure.

2019 Store clerk at Bilka. Big focus on customer service.

2023 Scaffolder and Rigger offshore for Altrad. This taught me a lot about facing my fears, and long work days.

2024 Scaffolder onshore for Persolit. Taught be a lot of discipline and teamwork.

2025 Studying Multi Media Design at Syddansk Erhvervsakademi, I've officially found my calling.

ABOUT ME

Hi, my name is Anders Grøndal Mogensen. I'm 24 years old and based in Esbjerg, where I've lived my whole life. I share my home with my girlfriend and our daughter, who is about to turn one. Family is a big part of my everyday life, and I spend most of my free time with them — and in front of my computer, where I work, learn, and explore new ideas.

I'm currently studying Multimedia Design at Syddansk Erhvervsakademi. My work spans coding and web development (HTML, CSS, JavaScript, PHP, WordPress), graphic design, branding, photography, video editing, marketing, and user experience. In short, I'm learning to create complete digital solutions that help businesses look professional and stand out online.

Before starting my education, I completed HF at Rybners, did my military service, and worked as a scaffolder both onshore and offshore across Jylland and Fyn. These experiences taught me discipline, resilience, and how to perform under pressure.

In my spare time, I enjoy boxing and strength training, which help me stay focused and balanced.

As a multimedia designer, I'm passionate about combining creativity with technical problem-solving. I aim to understand each client's needs and deliver solutions that make a real impact on their business.

I'm Anders, and I look forward to bringing my skills, drive, and energy into your team.
